

The MSI logo is displayed in its signature white italicized font. The background of the entire slide is a dark, futuristic digital landscape. On the right side, there is a large, pixelated, blue-toned face of a person, possibly a Buddha or a deity, which appears to be composed of digital data and is surrounded by a network of glowing purple and blue lines. The overall aesthetic is high-tech and digital.

Daisy Chain Support

IIISI

A daisy chain setup reduces cable clutter, requires fewer ports, and allows for easy expansion, enhancing productivity with more screen space and a cleaner workspace.

Integrated LAN Port

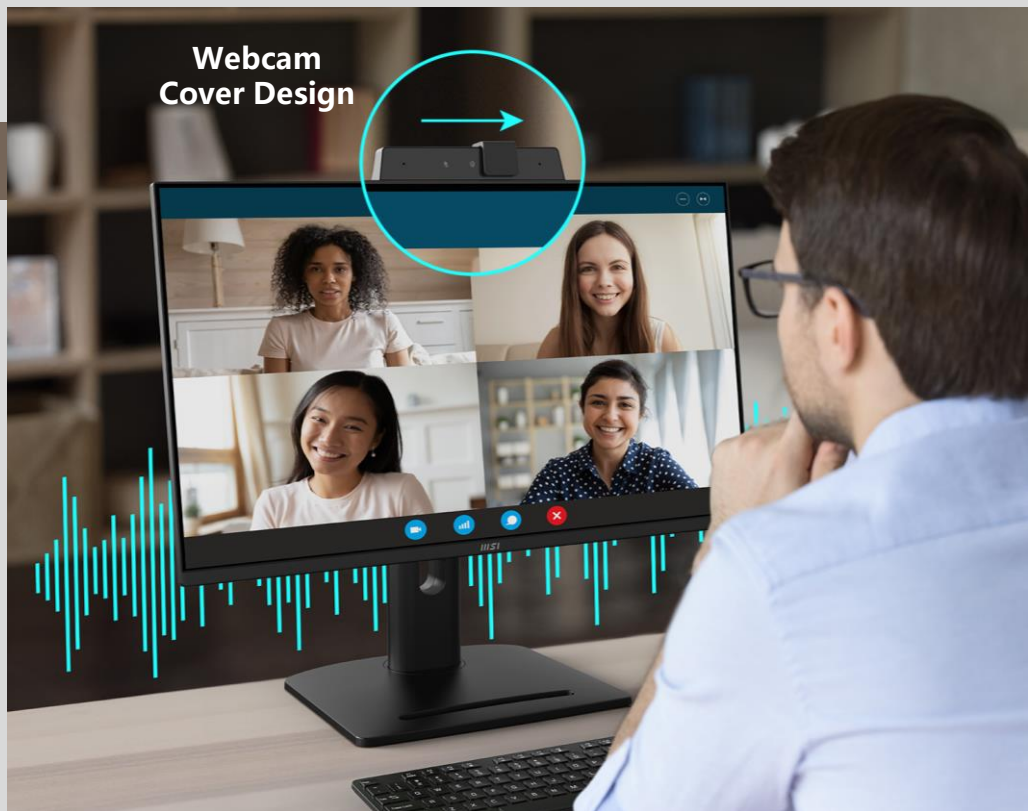

IIISI

Struggling with a laptop that lacks a LAN port? Connect to reliable internet via your monitor's built-in LAN port using a Type-C cable.

Built-in Webcam & Speakers

The built-in webcam, digital microphone, and 2x 2W speakers deliver smooth, high-quality online meetings.

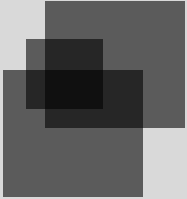

KVM Support

The KVM function allows seamless device switching, offering an efficient solution for managing multiple devices from one monitor.

See More, Do More with PIP/PBP

Picture-in-Picture (PIP) & Picture-by-Picture (PBP) features boost productivity. PIP overlays a small window for multi-tasking, while PBP splits the screen to display different sources side-by-side for easy comparison.
